**Tonsiline Prevents Diphtheria** Diphtheria is the most dreaded disease of childhood, because it is so often fatal. It is invariably preceded by Sore Throat—nature's danger signal.

At the appearance of Sore Throat the first thought should be its quick cure. Don't regard it lightly—don't think it may be gone tomorrow. An hour's delay may bring fatal results.

What good doctor in his practice now advises delay or thinks lightly of any Sore Throat, especially in children? Modern medication wisely endeavors to quickly control and cure the simpler forms of disease—it's so much easier and so much safer than waiting for the graver diseases to follow.

It is right here and in this way that TONSILINE has its greatest value. Tonsiline will positively cure the Sore Throat and thereby prevent the dread disease—Diphtheria.

Tonsiline is the one remedy, sold largely throughout the United States, exclusively for the cure of Sore Throats. Its field is limited but it does its whole duty every time. TONSILINE has justly earned the success it has achieved as a Sore Throat Cure.

Buy a bottle today and have it ready for instant use. Tonsiline is the stitch in time. 25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

## SANITARY NOTICE.

Traveling over the city, I notice considerable filth, dirt and rubbish on many premises.

This is to notify all persons whose premises are in an unsanitary condition to clean the same up at once and place the property in a healthful and sanitary condition.

Spring is almost here and these warm, sultry days are very effective on unsanitary conditions, causing bad odors and disease.

The first of March I expect to in-

spect every property in the city and report its condition to the Health Department, stating the conditions just as found.

W. W. OURS, Sanitary Officer.

A twice-as-pleasant furnished room as you ever had, perhaps at a lower rental than you're now paying, is the prospect you'll have before you as you read and answer Telegram classified ads. "Prospect," not "possibility."

Your Teeth

Are fountains of Youth, Health and Beauty. Decayed teeth are not only ugly, but promote indigestion and other ailments which ruin looks and health. If you have lost teeth and are suffering because of that loss, but have several teeth in either jaw, we can replace those lost with fine, solid, natural looking (and natural acting) teeth that will be firm and strong.

Why suffer month after month with aching teeth when a slight operation will free you from these forever. Then again, consider your good looks and health.

We cannot bring our methods to you, so come and let us relieve you. Our offices are 222-226 Goff Bldg., (second floor), near elevator.

Bell Phone 408-31. Office hours 8:30 to 12; 1 to 5:30 and 7:00 to 9:00.

Sundays 9:00 to 3:00. (Special Appointments).

## JUST RECEIVED

PUNKER BEAN

By HARRY LEON WILSON

Bunker Bean was the best \$15.00 salt in America and silently despised the detestable ends of his millionaire employer as he took his dictation. He cultivated the air of a wealthy amateur with a passion for typewriting, and admired in secret the elegance of Bulger, who was an "advanced dresser." Yet he hadn't the courage to wear anything but the most scumby fuses himself. Altogether, Bunker was as timid a male in maturity as could be found—that is, he was until he found out through a clairvoyant that he had been Napoleon in a previous incarnation. From that moment his life changed; the spirit of the Corsican descended upon him from the bloody past and the youth who formerly shrank under the gaze of a friendly policeman walked with the memories of Moscow and Austerlitz forever in mind.

We shan't spoil Mr. Wilson's story. You'll roar with the humor and cleverness of it. It is supremely laughable and has so much human nature in it that you'll be finding counterparts of Bunker all the time.
